OSCRE International welcomed new and returning 2019 Board Members including Chairman Naseem Wenzel, Partner at CohnReznick and Rick Ferrino, Chief Data Officer at VTS at the recent Annual Meeting in New York City. Newly elected board members include…see full press release, Meet our board members.

Becoming a Change Leader in the Digital Real Estate World

Real estate leaders are grappling with how to balance investing in traditional business analytics and reporting systems while simultaneously allocating resources to take advantage of emerging technologies such as blockchain and artificial intelligence. Naseem Wenzel, partner in CohnReznick’s Commercial Real Estate Advisory Practice and member of OSCRE International’s board of directors, posits that the sector is in the second phase of adoption…read entire article.
